

EDUCATION

Integrated M.Sc., Computer Science

Rollwala Computer Center

2022 - 2027

Senior Secondary (XII), Commerce

Airport School Ahmedabad

(CBSE board)

Year of completion: 2022

Percentage: 88.00%

Secondary (X)

Airport School Ahmedabad

(CBSE board)

Year of completion: 2020

Percentage: 73.00%

WORK EXPERIENCE

Machine Learning

Suvidha Foundation (NGO), Virtual

Internship • Sep 2023 - Oct 2023 (1 month)

In the machine learning intern, I was been assigned a project for developing a text summarisation model using the python libraries like Pytorch, transformers.

I successfully build the project and testing the accuracy of the model.

PROJECTS

Calculator App

May 2023 - Jun 2023

An app that includes the history feature in addition to the calculator. Used Python with kivy framework for this project.

IPL PlayList

Jan 2022 - Apr 2022

Using past performances, this project will allow us to know about the player's performance. Python used as a front-end language and MYSQL used as a backend language for this project

3D Survival Game

Aug 2023 - Present

This is a game developed for the purpose of survival for a person who will save himself. It's a 3d game technologies involved in this game are HTML, CSS, JavaScript.
